About The Testimonial

Length of the testimonial: 10-15 minutes

Format: Zoom Call

The testimonial will take place through a recorded Zoom call. We know your time is valuable, so we won't take too long. You'll simply hop on a call with one of our marketing experts and discuss what your experience was like working with GURUS Solutions.

Tips and Tricks

- To prepare you for the testimonial, all you'll need is to bring yourself! Try to find a quiet area so that we can hear you properly.
- Make sure your camera and microphone are working properly. If you have a better camera or microphone than the one that comes with your laptop or computer and think it would make the testimonial better, we'd love it if you used it.
- Finally, make sure you have good lighting so that we can see you properly in the recording.

Other than that, we can't wait to speak with you to get your testimonial on what it's like to work with GURUS Solutions.
